

Kazakhstan Handicap Rules for 2015 Season

1. Golfers who have paid an individual annual membership fee to the Kazakhstan Golf Federation (KGF) are eligible for calculation, applying and readjustment of their handicap in a unified handicap system of KGF. President of KGF, members of the Board of KGF and founders of this organization are exempt from the membership fees.
2. The calculation of handicaps is performed based on the results of tournaments scheduled in the KGF calendar and held in clubs, which have official golf Course and Slope Ratings. Handicaps are calculated within three working days after receiving the competition results in an approved form. All golf clubs in Kazakhstan should pay a club membership fee to KGF.
3. All golfers will have either an **active** or **inactive** handicap (information published on KGF website). **The golfer's handicap automatically readjusted as active after four (4) valid results from the official recognized competitions have been played in one season after being introduced into the handicapping calculation program.** The golfer's active handicap is valid through the following season. At the end of each season, each golfer's handicap is readjusted confirming the active status or transferred to the inactive status if the golfer has not played the minimum of four official competitions in the season.
4. Golfers who have not paid the annual membership fee to KGF will not have access to their handicap records on KGF website. Please note that due to the peculiarities of the "Kassa24" payment system set on KGF website, golfers who have paid the annual membership fee, will see their handicaps on KGF website after twenty-four hours once the fee has been paid.
5. Golfers with an inactive handicap are eligible to participate in official KGF competitions but only in "GROSS" category.
6. Golfers only with the active handicaps are considered for the KGF list of top Kazakhstan golfers with handicaps at the end of the season.

Presidium of KGF
